The product was just what i expected but i ordered twice and both times the item arrived broken. Didn't have enough time to send second one back because it was a birthday gift.

Loved the Trump statue but the head is broken where the pick is inserted and the finger is the only thing that bobbles. Really disappointed in the quality for the price, I would have returned it for a new one but they would have charged me \$12.00 so I just kept it.

Definitely an election collectible

By [Happy to be here](#) on May 10, 2016

Came across the trump bobble finger while looking for a Bernie sanders bobble head. Right away I knew that this was going to be awesome. I am a apolitical person but I love to collect really unique election memorabilia. It's a piece of art. Whoever sees it on my shelf in the living room, automatically has a reaction. This bobble finger creates feeling just like the name "Donald Trump" does, that is why of all my collectibles this is the one I believe is true art. Warhol would be proud.
